

DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, MAY 17, 1912.

NO. 299.

TO COME UP IN JUNE

THE COLDEN DIVORCE CASE SET FOR THAT TIME.

MANY CHARGES ARE MADE

In the Petition by the Plaintiff, Charles J. Colden—Will be Tried at Independence, Mo.

The filing of a divorce suit by Charles J. Colden at Independence in Jackson county, from his wife, Jessie F. Colden of Maryville, was a surprise to Maryville people when they read the news of it in yesterday's paper.

A copy of the petition was received in the city Friday morning. It states that they were married in Nodaway county on August 16, 1891 and lived together until August 21, 1911, and that the defendant has been guilty of the indignities to render his married life intolerable; that the defendant has a vile and ungovernable temper and when in these fits of anger, abuses plaintiff and uses vile and improper language toward the plaintiff in the presence of their children; that she pouts and would not speak to plaintiff; that she would interfere and encourage the children in their disobedience and disloyalty to their father and refuse to allow the plaintiff to have control over his children.

The petition alleges that the defendant in order to further humiliate the plaintiff and bring him in disrepute with his business associates and his neighbors, has without the consent of her husband and against his wishes, gone to various business and professional men in Maryville and sought employment, thereby leaving the impression and causing his business associates and neighbors to think that the plaintiff would not provide his wife and family with the necessities and comforts of life, but compelled her to work out and earn her own living. The plaintiff mentioned in the petition that the defendant did in January, this year, go to Dr. F. R. Anthony and sought to get employed as an office girl, and also sought employment of D. A. Reid, editor and publisher of the Nodaway Forum, leaving that impression that the plaintiff had deserted her and refused to support her.

The petition further states that defendant would curry the horse and pitch the manure out of the barn and chop kindling and wood in the yard, publicly, all against the wishes and admonitions of the plaintiff; that the defendant failed and refused to cook his meals; that the defendant would not allow daughter, Vi June, to have picture taken for the plaintiff; that the defendant has failed and refused to occupy same room with her husband for the last five years, and that she accused him of having improper relations with any and all women he meets, visits or has any business relations with whatever and accuses plaintiff of buying presents for other women.

The plaintiff states that he is a resident of Jackson county and prays for a divorce and the care and custody and control of his children.

Daniel E. Bird, formerly of Nodaway county, is the attorney for Mr. Colden. The case will come up in June.

TEST FOR SIX "DRY" TOWNS.

Local Option Elections Called Also in Two Missouri Counties.

Local option elections will be held early in June in six towns and two counties of Missouri that are now "dry." The elections were called at the instance of the liquor interests, the Rev. Albert Bushnell, superintendent of the Missouri Anti-Saloon League, says. The league is concentrating its efforts to defeat the elections. The places and dates of the elections are: Richmond, June 4; Higginsville, June 7; Marshall, June 3; Slater, June 10; Saline county, June 1; Columbia, June 4; Howard county, June 6, and Kirksville.

Returned from Oklahoma.

Dr. J. W. Dean returned Friday noon from a ten days' business trip to Glencoe and Okema, Okla. He was accompanied home by his granddaughter, Miss Esther Dean of Shawnee, Okla.

DEATH END SUFFERING.

Thomas W. Axtell, Afflicted for Five Years With Sciatic Rheumatism, Died Thursday Night.

Dr. Thomas W. Axtell, the brother of Mrs. W. J. Staples of this city, died at St. Francis hospital Thursday night at 10:30 o'clock, of a complication of diseases caused by sciatic rheumatism, from which he had been a great sufferer for five years.

The funeral services will be held at the First Presbyterian Church Saturday afternoon at 2:30 o'clock, conducted by the pastor, Rev. S. D. Harkness. Interment in Miriam cemetery.

Dr. Axtell had been a resident of Maryville the past two years, and had made his home with his sister, Mrs. W. J. Staples. He had been so badly afflicted with sciatic rheumatism that he had been unable to practice his profession as a dentist for five years. He was fifty-one years old and was born in Bremer county, Iowa, at Janesville. He was a graduate of the dental school of Northwestern University, Iowa, and Siloam Springs, Ark. His wife, who was Miss Edith Conner of Waverly, Iowa, died in a hospital of Kansas City, in 1905, during their residence in Siloam Springs. Mrs. Axtell had been in poor health for some time and the change in their residence from Iowa to Arkansas was made for her benefit. They had one child, who died in infancy.

Dr. Axtell had been a member of the Presbyterian church since boyhood and was for many years an elder in the church. He was a devout Christian man and bore his sufferings with patience. He is survived by his sister and a brother, Francis M. Axtell of Amsterdam, Mo., who will be unable to attend the funeral on account of ill health. The aged mother, who had made her home in Maryville with Mrs. Staples for several years, died in Maryville a year ago last October.

DYNAMITING STUMPS.

Skidmore People Using This High Explosive for Clearing Field of Stumps.

This week Skidmore New Era says: W. J. Skidmore was dynamiting stumps west of his residence Monday, which furnished quite an attraction for a number of the town citizens. Oliver Mayhugh was Master of Ceremonies, and presided at tamping the holes and lighting the fuse, which exploded the dynamite. Dynamiting is the quickest, cheapest and best way we have ever seen for clearing a field of stumps. The operator takes an auger about four feet long, bores a hole in the ground, starting at the edge of the stump and running back under it at an angle of about 45 degrees, and until he is about under the middle of the stump and then, if the stump is a large one, puts in two one half pound sticks of dynamite, and on the last, or top one, he attaches a fuse with a cap on it, and after he has tamped the dirt well around the fuse, he lights it and steps back to see the pieces fly. It never fails to lift the stump completely out of the ground, and sometimes breaks it to pieces, throwing the fragments high into the air.

W. W. Grigsby and W. M. Howden have each been using dynamite to good effect in blowing out by the root dead apple trees in their large apple orchards. An apple tree does not require as much dynamite as a big hard oak stump, but the process used is similar to the one above, with the exception that in this case only one-fourth pound stick is required for the shot.

Messrs. Grigsby and Howden have also been digging holes for replanting trees with this high explosive. For tree planting only a "pop-shot" is required. The operator bores a small hole straight down in the ground and drops a small piece of dynamite in it and sets it off in the same way. This makes a hole about three feet deep and one and one-half to two feet in diameter, shaped something like a jug, only round at the bottom. It also loosens the ground around the hole for five or six feet each way. Messrs. Grigsby and Howden have each put out something like 500 trees in this manner the past week.

Is Visiting Her Aunt.

Miss Mabel Lloyd of Wichita, Kan., arrived in Maryville Friday on a visit to her aunt, Mrs. James B. Robinson. Miss Lloyd came to Maryville from St. Joseph where she had been spending three weeks at the home of Rev. and Mrs. C. M. Chilton. Miss Lloyd has visited in Maryville before and has quite a number of friends here.

Everyone invited to attend the Business Men's Luncheon Saturday at Christian Church. Price 25 cents.

TO BRING HIM BACK

SHERIFF TO GO AFTER MAN WHO BROKE HIS PAROLE.

WILL HAVE TO GO TO PEN

Dix Was Given a Two Year Sentence in 1909 for Burglary and Larceny, But Was Paroled.

Sheriff W. R. Tilson received word Thursday, that John Dix, whom he has been after for some time, was under arrest at Pueblo, Colo. Sheriff Tilson will leave Friday evening for that place and will return with Dix, who having broken his parole, will have to serve two years in the state penitentiary.

Dix was convicted at the February term of circuit court in 1909, of burglary and larceny and was given a sentence of two years in the penitentiary. The case was tried by Prosecuting Attorney W. E. Wiles. Dix was convicted of breaking into the store of Charles Zarn at Burlington Junction. Ross Carson, who was with Dix on that night, was given 25 years in the penitentiary and is now serving his time there.

A parole was granted to Dix after many had petitioned the court requesting that the court should do so. The parole was granted upon the condition that he should go to work. He went to work for Tilson's livery barn and remained there about two months, when he left for parts unknown. Sheriff Tilson has been on the lookout for him for some time.

Dix is 22 years old and is a brother of Elmer Dix, who was sentenced at the last term of court, two years in the penitentiary for burglary, and also of Ira Dix, who is now serving a jail sentence.

LAST GAME OF SEASON.

Normal to Play Conception College Team Saturday Afternoon.

The last game of the Normal baseball season will be played at Normal park Saturday afternoon at 3 o'clock. The locals' opponents will be the Conception college team who applied a coat of whitewash to Coach Moore's hopefuls, three weeks ago at Conception. But the teachers have not been worsted on the home grounds for two seasons and they don't intend that the Catholics shall be the first team to break the record. A large delegation of students, headed by the college band, will accompany the team here. Coach Moore will present the following line-up: McKee, catcher; Wilson, pitcher; Taylor, c. s.; Perrin, 1st base; Miller, 2nd base, McGrew, 3rd base; Adams, l. f.; Richardson, c. f.; Simpson, r. f.

OAKERSON HEADS IT

COUNTY SUPERINTENDENT FINDS NEW HONORS AT JEFF CITY.

ASSOCIATION IS FORMED

Assisted by a Committee of Four, Mr. Oakerston Will Try to Secure Needed Legislation for the Schools.

County Superintendent Wm. Oakerston returned to Maryville Friday morning from the county superintendents meeting and the spelling contest held at Jefferson City this week. He was accompanied home by Dale A. Coleman, the county's champion speller, who represented Nodaway county in the State Spelling bee held in that city on Monday night. Coleman received a grade of 82 per cent, while the winner of the contest received a grade of 93 per cent. The contest was a success and will be made an annual affair by the county superintendents' association.

An organization of county superintendents was formed at Jefferson City for the purpose of working out educational problems to be approved by the teachers' meetings and meetings of county superintendents, and then put it up to the legislature for action. County Superintendent Oakerston was elected president of this organization and he will be assisted by a committee of four in working out these problems. The committee is composed of E. M. Carter of Monroe county, B. F. Borberg of Franklin county, B. M. Allison of Bates, and J. R. Roberts of Green county.

This is quite an honor for Prof. Oakerston to head an organization of this kind, and there are probably not many other men in the state as thoroughly acquainted with these educational problems as he is.

SELECTED OFFICERS

The Quitman Epworth League Held Elections This Week.

The Quitman Epworth League held its regular business meeting this week. The reports show good work has been done during the past week. After the transaction of such business as came before the League, the following officers were elected for the coming year:

VANISHED IN A PULLMAN CAR

Relatives Have Had No Word of Henry W. Locke of Mound City.

The Kansas City Star had the following about a Mound City man: If Henry W. Locke, 35 years old, thirty-second degree Mason, Shriner and Elk, had taken wings and flown away to another planet, he couldn't have vanished more effectively from the range of vision and knowledge of his relatives and friends.

Mr. Locke bade his mother good-bye at Fort Worth, Tex., the afternoon of May 7 and boarded a Pullman car on a Chicago, Rock Island & Pacific train for Mound City, Mo., his home. The train and Mr. Locke's trunk reached Mound City, but Mr. Locke did not.

The missing man's brother, William H. Locke, came to Kansas City from Mound City Sunday and asked the police to help him find his brother.

"There was absolutely no reason for my brother to disappear voluntarily," he said. "I fear some harm has come to him."

The Locke brothers own the controlling interest in the theater at Mound City, Mo., and they are well-known in Kansas, and have produced the play, "The Kansas Sunflower," over all the state. They were to have left Mound City last Wednesday on a summer vacation through Minnesota and the lake territory.

On their return trip the party will leave Council Bluffs in the morning of that day and will spend the night in St. Joseph. The visitors will leave St. Joseph for Denver.

SAYS IT IS COWHERD.

Mayor Robey After Attending Meeting in Kansas City, Thinks Cowherd Will Be the Man.

Mayor A. S. Robey returned Thursday night from Kansas City where he attended a political conference. From the reports that they are getting in Kansas City from over the state, Mayor Robey says Cowherd will win the Democratic nomination for governor.

To Attend Commencement.

Mr. and Mrs. James L. Dysart and two children and Miss Cleopatra Wood of Bolckow came to Maryville Friday to attend the conservatory commencement exercises at the First M. E. Church Friday night. Mr. and Mrs. Dysart's daughter, Miss Mabel Dysart, is one of the graduates.

Some Old Relics.

Jay Smith of Clearmont, has in his possession a relic in the form of an old fiddle which he prizes very highly. The fiddle was purchased by Mr. Smith's father in Boone county in 1839 from a man who had bought it in Nashville, Tenn., only a few months before.

Mr. Smith also has another old relic in the form of an invitation to a funeral which was printed in 1847, when it was the fashion to issue invitations to attend funerals. Mr. Smith is very proud of these relics and says he would not sell them at any price.

School Enumeration Growing.

The Burlington Junction public school has ten more pupils this term than it had last, according to the enumeration which has just been completed by J. D. Carter, the enumerator of that district. The figures last year showed that there were 113 girls and 125 boys, or a total of 238 children of school age in Burlington Junction. This year there are 114 girls and 134 boys, a total of 248.

Mrs. S. J. Richardson returned Thursday night from Holdenville, Okla., where she has visited a niece, Mrs. J. R. Witty since last November. Mrs. Richardson stopped at Bartlesville, Okla., on her way home to visit a friend and in St. Joseph on visit her niece, Mrs. John Koch.

Mr. and Mrs. John Ewing and children of Hopkins, were in Maryville Thursday evening between trains.

FOUND DEAD IN BED

MRS. HARRY THOMPSON DIED SUDDENLY FRIDAY MORNING.

DISCOVERED BY NEIGHBOR

Her Husband Had Bid Her Goodby as He Went to His Work Just a Few Hours Before.

Mrs. Harry Thompson, living at 405 South Market street, was found dead in her home Friday morning about 7 o'clock by Mrs. Anna Clowser, a neighbor, who went to her home to deliver milk as usual. As Mrs. Thompson had been sleeping late in the mornings, Mrs. Clowser opened the door and set the milk on the kitchen table and called "Are you asleep yet?" Receiving no reply, she opened the door a little farther where she could see the bed in which Mrs. Thompson slept. By the disorder of the bedclothes and thinking she saw Mrs. Thompson lying with her head near the floor, Mrs. Clowser became frightened and called Mrs. W. B. Price, another neighbor, who came at once. They went into the room and found Mrs. Thompson's dead body lying head down, on the floor and her feet on the bed. She had evidently been seized with a convulsion and had fallen from the bed, the bed clothes binding her arms to her sides so she could not help herself. Her face was black and swollen almost beyond recognition and it was a frightful shock to the women of the neighborhood who soon ran to the home.

Mrs. Thompson was in her usual health on Thursday and attending the band concert in the evening in company with her parents, Mr. and Mrs. F. P. Buck and her sister, Mrs. Edith Wray.

Mr. Thompson who is the baker at Andrews & Hempstead, left his home Friday morning at three o'clock for his place of business. Mrs. Thompson and baby were awake when he left and said "Good-by" to him and there was no occasion for any feeling of alarm or anxiety for their safety or welfare. He was summoned home about eight o'clock.

Dr. Vilas Martin was called and he gave it as his opinion that Mrs. Thompson had been dead about two hours. She had been subject to sudden sick spells for several years and it was in one of these attacks with complications that death came.

The funeral services will be held Saturday afternoon at 3 o'clock at the First M. E. Church, conducted by the pastor, Dr. J. S. Ford.

Mrs. Thompson's maiden name was Grace Buck. She was the daughter of Mr. and Mrs. Frank P. Buck of this city, and was born 27 years ago last September at "Maple Grove" the country home of her parents in the Harmony neighborhood north of the city. She was married to Harry Thompson on February 28, 1907, and they have since made their home in Maryville, excepting a short time they lived in Kansas City.

A few months before her marriage, Mrs. Thompson graduated from the Maryville Conservatory of Music and was above the average musician. She kept up her practice and her talent was the means of many a pleasant evening for her friends. She was the mother of two children, the oldest child dying in infancy, while the second child, Ruth, who will be two years old in June, survives with the father. She is also survived by her parents, four brothers and one sister. Her brothers are Roy Buck of Salt Lake City, Utah; Frank and Fred Buck, living east of the city; and Ernest Buck of Milwaukee, Wis. Her sister is Mrs. Edith Wray of this city.

Mrs. Thompson had been a member of the Harmony church since childhood. Her death is a grievous shock to her husband and family and they have the sympathy of all in their sorrow. She was held in high regard by all who knew her. Only a few days ago she talked with a neighbor about her little girl's future and how she was planning for her training and education, and for the coming of another little life that would be her's to care for with the coming of June.

A coroner's inquest was held Friday morning by Coroner J. H. Todd and the verdict of the jury was that "death was due to convulsion associated with nephritis." The coroner's jury was composed of Berney Harris, J. H. Eckles, N. Schumacher, N. Sturm, Aaron Souers and Harry Todd.

Mrs. H. J. Kelley went to Pickering Thursday to visit until Saturday with her daughter, Mrs. Ernest Wray.

FRECKLE-FACE

New Remedy That Removes Freckles
or Costs Nothing.

Here's a chance Miss Freckle-Face,
to try a new remedy for freckles with
the guarantee of a reliable dealer that
it will not cost you a penny unless it
removes the freckles, while if it does
give you a clear complexion, the ex-
pense is trifling.

Simply get an ounce of othine—
double strength, from any first class
druggist and one night's treatment
will show you how easy it is to rid
yourself of the homely freckles and
get a beautiful complexion. Rarely is
more than one ounce needed for the
worst case.

Be sure to ask for the double
strength othine, as this is the only
prescription sold under guarantee of
money back if it fails to remove freck-
les.

TRUST TO AVOID LITIGATION

SETTLEMENT ARRANGED WITH ALUMINUM CORPORATION.

Anti-Trust Suit Filed Will be Basis
for Decree to Restrain Monopoly
on Metal.

Pittsburg, Pa., May 17.—The federal
government filed a civil anti-trust
suit in the federal court against the
Aluminum Company of America,
which will be the basis for an agreed
decree designed to restrain the alumi-
num trust from monopolizing the man-
ufacture of aluminum and its prod-
ucts, including cooking utensils.

In the petition the company is de-
clared to have acquired a substantial
control of the aluminum industry in
the United States and to have charged
unreasonably high prices and profits
on its products.

The history of the aluminum cook-
ing utensil industry in the United
States, says the petition, is a history
of wrecks, "caused chiefly or con-
tributed to by the arbitrary, discrimi-
natory and unfair dealings of the de-
fendant."

The agreed decree, which will be
entered within a few days, will follow
the government's prayer for restraints
on the company. This agreement
obviating a prolonged battle in the
courts, was the result of several
weeks of negotiations between the
department of justice and the cor-
poration.

The Aluminum Company of Amer-
ica, incorporated in Pennsylvania,
originally as the Pittsburg Reduction
company, has grown, it is pointed out,
from a \$20,000 capitalization in 1888
until its assets now are estimated at
\$27,000,000. A stock dividend of 500
per cent, or \$16,000,000, was declared
in 1909.

ment of a \$10,000,000 fund for the
pensioning of retired ministers and
the selection of a new moderator are
two of the most important matters
that will receive early attention at the
twenty-fourth annual conference of
the Presbyterian church, which just
began here. The work of the con-
ference will consume at least one
month.

Unusual interest attaches to this
conference for the reason that never
before has the general assembly been
held south of the Ohio river.

Exclusive Patterns In Wilton Rugs

The most noticeable feature of Wilton Rugs are the beautiful designs. They are correct reproductions of the very best Oriental and Persian patterns in soft colorings and tones.

The best feature of Wilton Rugs, however, is their superior wearing qualities. Made of the best yarns obtainable, they wear longer and look better than other rugs. They are actually cheaper to buy than the lower priced grades because they wear so much longer.

Wilton Rugs size 8-3 by 10-6 feet sell for \$35; the 9 by 12 size for \$40.

Today we offer two special values:—

Wilton Rug in fine Oriental pattern, with green as the predominating color, solid green border, size 9 by 12; regular \$40 grade for \$29.

Wilton Rug in Persian pattern, small figured border, large medallion in center, predominating colors are old rose and green, size 9 by 12; regular \$40 grade for \$29.

Body Brussels Rugs

Body Brussels Rugs are considered the best wearing rugs made, and they are the easiest to keep clean. We guarantee them to give good service. Made in high class designs in soft and pleasing colors.

We have never before been able to sell them for less than \$30, but a fortunate purchase enables us to offer the genuine Body Brussels Rugs, in the 9 by 12 size for \$27.50. Six beautiful designs to select from.

Artistic Wall Paper For Bedrooms

For papering bedrooms "a little different" we suggest the use of the plain side wall trimmed with pretty, harmonizing bands and cut-out borders. This method of decorating bedrooms is constantly increasing in demand, and opens up a wide range of different styles. Large or small panels trimmed with dainty ornaments with the band running along the base-board and around the doors and windows is the most popular manner of finishing the plain side walls.

We are showing a new line of these wall papers direct from the mills of M. H. Birge & Sons Co. Prices are very low.

MONEY TRUST A BLESSING?

Coffee Man Tries to Show Patriotic
Motive for Brazilian Loan.

DONE TO AVOID A REVOLUTION

New York Banks Helped Limit Coffee
Output and Maintain Prices for
Benefit of American and
European Dealers.

Washington, May 17.—The first illustration of the activities of the money trust given to the house investigating committee was testimony that three New York banking institutions—the National City bank, J. Pierpont Morgan & Co., and the First National bank—lent financial assistance to the government of Brazil to limit the output of coffee and maintain prices of coffee at a profitable figure for the benefit of Brazilian planters and American and European coffee dealers.

Made Loan Reluctantly.

That testimony came from Herman Slesken, of the New York firm of Grossman & Slesken, large dealers in green coffee. Slesken attributed a patriotic motive for the investment. He regarded the loan by the banks as of great benefit to the United States and said the bank made the loan reluctantly to exploit American trade with South America.

The witness said that unless something had been done to help the planters of Brazil there might have been a revolution.

Least of Two Evils.

"Which would have been the worst, revolution in San Paulo or for the consumers of this country to pay much more for all of their coffee?" Samuel Untermyer, counsel for the committee, asked.

"You would have had to pay that anyhow," said Mr. Slesken. He argued that coffee would be still higher if the valorization scheme had not been put into operation.

Slesken testified that there were 4,000,000 bags of coffee now being held out of the market by the valorization committee of seven, of which he is a member. Of that amount 900,000 bags were in warehouses of the New York Dock company, he said.

"Would not the price of coffee go down if this were put on the market?" asked Representative Byrnes.

"No, it would have no effect on the market," Slesken said.

WOMAN PULLED WRONG TRIGGER

Wichita Wife's Unfamiliarity With
Weapon Saves Life of Attractive
Cigar Clerk.

Wichita, May 17.—Mrs. Aiona Barnett's unfamiliarity with the workings of an automatic pistol probably saved the life of Mrs. Grace Strahan, a cigar store clerk, here. Mrs. Strahan had just driven up in a motor car with Dr. George C. Barnett, a widely known physician here.

Just as the car stopped Mrs. Barnett, with the pistol in her hand pointed it at Mrs. Strahan. Instead of pulling the trigger she pulled the ejector and all of the cartridges were thrown out.

When the revolver failed to work Mrs. Barnett pounded Mrs. Strahan in the face and head with it. She is 25 years old. Doctor Barnett is 65 years old.

MISSOURI EDITOR IS MISSING

I. H. Humphrey, of Kirksville Democrat, Believed to be Suffering
From Effects of Overwork.

Kirksville, Mo., May 17.—I. H. Humphrey, editor and manager of the Kirksville Democrat has been missing since Monday midnight. His wife and business associates have been unable to get trace of him beyond Moberly. It was announced that his books balance and the publishing company owes the missing editor.

His family believes he has suffered a mental breakdown because of overwork and has wandered off, possibly to Colorado or Mexico.

Unit for Good Roads.

Parkville, Mo., May 17.—Fifty residents of Platte City in motor cars went over the proposed route of the Kansas City-St. Joseph state highway to discuss the project with the Parkville Commercial club. At an enthusiastic meeting speakers urged that the two cities combine and see that the route pass through Parkville and Platte City.

Flew Over Topeka Houses.

Topeka, May 17.—A. K. Longren, a Topeka aviator made a 15-mile flight over the city in a biplane which he constructed here. He rose to a height of 2,500 feet and much of his flight was over thickly settled portions of the city and over the main business district.

Presbyterians in Convention.

Warrensburg, Mo., May 17.—The eighty-second general assembly of the Cumberland Presbyterian church convened in the First Cumberland Presbyterian church here. The Rev. J. W. Duvall of Salsbury, Mo., the retiring moderator, preached the opening sermon.

Quality and Durability

Are Combined in the

Stearns & Foster Mattresses

If you will come and see the Mattress display in our show window tomorrow and all next week, you will understand why these Mattresses are so comfortable, so durable, so thoroughly good in every way that there is really no comparison between them and other makes. The display shows how the Mattresses are made, how one layer of material—the best always—is placed above another, how the nine layers are compressed together and how finally the whole mattress is completed. It is an interesting exhibit and an instructive one, and if you are wise a profitable one.

We have the exclusive sale of these mattresses and the line represents the following: Lenox, Paragon, Mission, Windsor and Anchor.

Don't forget the exhibit will be in our window Saturday and all next week. We want to sell 100 mattresses during this demonstration and in order to do so will make a special price on every mattress. It will be to your advantage to come early.

DE LAVAL CREAM SEPARATORS

The World's Standard

Used Exclusively by
98% of World's Creameries

Ten years ago there were a dozen different makes of creamery or factory separators in use. To-day over 98 per cent of the world's creameries use De Laval separators exclusively.

When it comes to buying a separator why not profit by the experience of the creameryman, which qualifies him to advise you correctly.

He knows which separator will give you the best service and be the most economical for you to buy. That's why 98 per cent of the world's creameries use the De Laval exclusively.

There can be no better recommendation for the De Laval than the fact that the men who make the separation of milk a business use the De Laval to the practical exclusion of all other makes. They know.

Easiest to turn, easiest to wash, skims the cleanest last the longest.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded
and Gray Hair—Dandruff
Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Now, days, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy
Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

SUBMARINE AND CREW IN PERIL

Tuna is Grounded off Life Saving
Station Near Atlantic City.

IMPRISONED MEN FACE DEATH

Should Vessel Spring a Leak and Salt
Water Reach Batteries, Gas
Fumes Will Overcome All
on Board.

Atlantic City, N. J., May 17.—With five men in the submerged vessel facing death from deadly fumes soaked the beating sea slip a plate and allow salt water to reach the batteries, the submarine Tuna, which grounded four miles off the Great Egg harbor life saving station is slowly drifting closer in toward the shore.

Capt. Dannebauer, Chief Electrician Parks, Engineers Ecklin and Wilson, and Hand, a sailor, are still aboard the submerged craft. Heavy seas are pounding almost directly at the stern and are driving the vessel from the position where it struck.

According to 14 members of the crew brought ashore, the Tuna stranded at 7 o'clock in the morning, but no alarm was felt as the captain and pilot believed they could float the vessel at high tide. Then the storm came up and drove the submarine hard on a sandbar.

Revenue Cutter to the Rescue.
The Tuna was on her way from Newport News to Bridgeport, where the vessel was to have been turned over to the government. A revenue cutter is expected to reach the stranded vessel before morning.

One of the false keels of the Tuna has been carried away and one of the six cylinder engines is jammed. The vessel is drifting broadside toward shore and is now in 13 feet of water.

Should any of the Tuna's plates give way, permitting the salt water to come into contact with the batteries, the men aboard would be menaced by deadly gas.

The compression engines can develop 1,500 pounds of air, and by closing the compartments, the men could live for several hours until relief arrives, providing the vessel does not run into deep water.

TOY WAGONS HELD AMMUNITION

Mexican Lads at El Paso Were Smuggling Rifle Cartridges Across Line to Juarez.

El Paso, Tex., May 17.—Children and their toy wagons are now utilized to smuggle ammunition across the international boundary into rebel territory. Two Mexican lads pulling two miniature express wagons were halted here and their wagons searched. Each boy was hauling 5,000 rounds of regulation rifle cartridges for the service of Orozco.

Secret service operatives discovered the children's smuggling scheme and seized a man who had been walking near the El Paso end of the international bridge. He gave the name of Jesus Hernandez and is believed to be a rebel purchasing agent.

CONVICTS BEGIN ON ROAD WORK

Experiment in Cole County May Solve Prison Labor Problem in Missouri.

Jefferson City, May 17.—Seventeen convicts have begun work upon the public roads of Cole county. Gov. Hadley and Warden Andrae watched the laborers for a short time. This is the first experiment with convict work in road construction in Missouri. If the venture proves a success, Gov. Hadley says, it will not only solve the convict labor problem, but the problem of road construction as well. Nearly all the men were negroes, there being but four white men in the squad. The men get sentences shortened by one-third for good behavior.

Big Fee in Indian Case.

Chickasha, Ok., May 17.—J. F. McMurray, the attorney who fought the Indian land tax case to a successful conclusion in the United States supreme court, will receive \$150,000 for his services. McMurray took the case on a fee basis of \$10 from each allottee of the Chickasaw and Choctaw tribes.

To Receive King's Body.

Copenhagen, May 17.—Preparations have been completed for an impressive reception of the body of the late King Frederick VIII, of Denmark, which will arrive here at noon aboard the royal yacht Dannebrog.

Locked Three in a Vault.

Grass Valley, Cal., May 17.—A bandit armed with two revolvers entered the Nevada county bank at noon, drove the cashier and two depositors into the vault and escaped with about \$3,000 in cash.

New Depot for Marcelline.

Marcelline, Mo., May 17.—Santa Fe railroad authorities have ordered the immediate construction of a \$30,000 office building and station here, a new freight station and other improvements.

SAN DIEGO PAPER TO SUSPEND

Forms "Pled" by Citizens and Editor
Sauer Announces He is Ready
to Quit—Attorney Warned
to Leave.

Los Angeles, May 17.—The United States government will make an effort to have all the Industrial Workers of the World leaders who have been active on the coast prosecuted for sedition. This was the substance of a statement which Assistant United States District Attorney Dudley Robinson made in connection with the investigation of the Industrial Workers by the federal grand jury in this city. Robinson will have charge of the inquiry which, he said, would begin immediately.

Editor Will Quit.

San Diego, Cal., May 17.—Warned by members of the citizens' committee of San Diego never again to publish his weekly paper, A. R. Sauer, who was kidnaped some time ago and taken to Escondido as a result of a published article, said he could not publish the paper this week because the forms had been "pled." The office of the paper was invaded during the night by ten men, according to Sauer, and the newly made up forms pushed on to the floor. Nothing else was touched. Sauer said he was through.

Many persons who have sided with the Industrial Workers have been warned to leave town or take the consequence. One of those warned is Marcus W. Robinson, attorney for the Industrial Workers. He declares he will not leave.

Reitman is Ill.

Los Angeles, Cal., May 17.—Dr. Ben Reitman, manager for Emma Goldman, was so ill he could not talk of his experiences with the kidnapers of San Diego, who tarred him and then rubbed the viscous mass into his body with sage brush.

Reitman, through Miss Goldman, denied any intention of starting legal proceedings against the men who are said to have attacked him.

"What's the use?" exclaimed Miss Goldman. "Justice would not be meted out to his assailants."

MRS. REUTER HELD FOR MURDER

Wife of Oklahoman, With Three Others, Charged With Death of Her Husband at Tulsa.

Tulsa, Ok., May 17.—Mrs. Lama Reuter was arrested on a warrant charging her with the murder of her husband, Charles T. Reuter, a widely known lawyer, at their home the night of May 5.

Guy D. Mackenzie, "Bud" Bellew and Joseph Baker are jointly charged with Mrs. Reuter with this murder. The four prisoners waived arraignment and asked an immediate examination.

The state will try to prove a conspiracy to murder Reuter by the four prisoners. The defense claims Reuter was killed by a burglar.

Charles T. Reuter was murdered in his bedroom at his home in Tulsa May 5 under mysterious circumstances.

WHO KILLED THIS WOODPECKER?

Missouri Game Warden Spends Two Days Unsuccessfully Hunting Culprit at Cole Camp.

Jefferson City, May 17.—A deputy game warden returned from Cole Camp, Mo., where he sought two days for the person who killed a woodpecker in violation of the state law. The woodpecker made a hole in a railroad tank which let all the water out of the tank.

Railroad employees plugged up the hole and refilled the tank and then the woodpecker began to make another hole in the tank. Some one killed the bird. When the deputy arrived at Cole Camp nobody would tell him who killed the woodpecker.

Still Larger Ships Building.

London, May 17.—The sinking of the Titanic will not stop the building of mammoth ships. The White Star company, which owned the Titanic, is building two new liners and one of them will be 20 feet longer than the Titanic, and will be fitted and finished throughout on the same imposing scale as the Olympic and Titanic.

A Half Bushel His Scaffold.

Lindsborg, Kan., May 17.—Albert Lindvall, 40 years old and unmarried, hanged himself at noon in the cellar at his home here. Lindvall stood on a half bushel measure and after adjusting a halter about his neck he tied the other end to the rafters and kicked the measure from under him.

Plowman Uncovers Treasure.

Aurora, Ill., May 17.—Gus Aspline, a farmer, plowing in a field near Richardson station unearthed a large wallet, rotten with age, containing \$1,700 in hundred dollar bills and gold coins. No one knows the owner of the money which from indications was lost and not hidden.

MUST BELIEVE IT.

When Well-Known Maryville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Maryville, the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Marietta Kelley, 1308 E. Second street, Maryville, Mo., says: "I was afflicted with kidney trouble and suffered from pain in the small of my back. The kidney secretions were unnatural and caused me no end of annoyance. There was a dull ache across my hips that made it almost impossible for me to be on my feet. After I took a few doses of Doan's Kidney Pills I was greatly relieved and the contents of three boxes cured me."

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, MAY 17, 1912.

NO. 299.

TO COME UP IN JUNE

THE COLDEN DIVORCE CASE SET FOR THAT TIME.

MANY CHARGES ARE MADE

In the Petition by the Plaintiff, Charles J. Colden—Will be Tried at Independence, Mo.

The filing of a divorce suit by Charles J. Colden at Independence in Jackson county, from his wife, Jessie F. Colden of Maryville, was a surprise to Maryville people when they read the news of it in yesterday's paper.

A copy of the petition was received in the city Friday morning. It states that they were married in Nodaway county on August 16, 1891 and lived together until August 21, 1911, and that the defendant has been guilty of the indignities to render his married life intolerable; that the defendant has a vile and ungovernable temper and when in these fits of anger, abuses plaintiff and uses vile and improper language toward the plaintiff in the presence of their children; that she pouts and would not speak to plaintiff; that she would interfere and encourage the children in their disobedience and disloyalty to their father and refuse to allow the plaintiff to have control over his children.

The petition alleges that the defendant in order to further humiliate the plaintiff and bring him in disrepute with his business associates and his neighbors, has without the consent of her husband and against his wishes, gone to various business and professional men in Maryville and sought employment, thereby leaving the impression and causing his business associates and neighbors to think that the plaintiff would not provide his wife and family with the necessities and comforts of life, but compelling her to work out and earn her own living. The plaintiff mentioned in the petition that the defendant did in January, this year, go to Dr. F. R. Anthony and sought to get employed as an office girl, and also sought employment of D. A. Reid, editor and publisher of the Nodaway Forum, leaving that impression that the plaintiff had deserted her and refused to support her.

The petition further states that defendant would curry the horse and pitch the manure out of the barn and chop kindling and wood in the yard, publicly, all against the wishes and admonitions of the plaintiff; that the defendant failed and refused to cook his meals; that the defendant would not allow daughter, Vi June, to have picture taken for the plaintiff; that the defendant has failed and refused to occupy same room with her husband for the last five years, and that she accused him of having improper relations with any and all women he meets, visits or has any business relations with whatever and accuses plaintiff of buying presents for other women.

The plaintiff states that he is a resident of Jackson county and prays for a divorce and the care and custody and control of his children.

Daniel E. Bird, formerly of Nodaway county, is the attorney for Mr. Colden. The case will come up in June.

TEST FOR SIX "DRY" TOWNS.

Local Option Elections Called Also in Two Missouri Counties.

Local option elections will be held early in June in six towns and two counties of Missouri that are now "dry." The elections were called at the instance of the liquor interests, the Rev. DEATH END SUFFERING.

Thomas W. Axtell, Afflicted for Five Years With Sciatic Rheumatism, Died Thursday Night.

Dr. Thomas W. Axtell, the brother of Mrs. W. J. Staples of this city, died at St. Francis hospital Thursday night at 10:30 o'clock, of a complication of diseases caused by sciatic rheumatism, from which he had been a great sufferer for five years.

The funeral services will be held at the First Presbyterian Church Saturday afternoon at 2:30 o'clock, conducted by the pastor, Rev. S. D. Harkness. Interment in Miriam cemetery.

Dr. Axtell had been a resident of Maryville the past two years, and had made his home with his sister, Mrs. W. J. Staples. He had been so badly afflicted with sciatic rheumatism that he had been unable to practice his profession as a dentist for five years. He was fifty-one years old and was born in Bremer county, Iowa, at Jancsville. He was a graduate of the dental school of Northwestern University, Iowa, and Siloam Springs, Ark. His wife, who was Miss Edith Conner of Waverly, Iowa, died in a hospital of Kansas City, in 1905, during their residence in Siloam Springs. Mrs. Axtell had been in poor health for some time and the change in their residence from Iowa to Arkansas was made for her benefit. They had one child, who died in infancy.

Dr. Axtell had been a member of the Presbyterian church since boyhood and was for many years an elder in the church. He was a devoted Christian man and bore his sufferings with patience. He is survived by his sister and a brother, Francis M. Axtell of Amsterdam, Mo., who will be unable to attend the funeral on account of ill health. The aged mother, who had made her home in Maryville with Mrs. Staples for several years, died in Maryville a year ago last October.

DYNAMITING STUMPS.

Skidmore People Using This High Explosive for Clearing Field of Stumps.

This week Skidmore New Era says: W. J. Skidmore was dynamiting stumps west of his residence Monday, which furnished quite an attraction for a number of the town citizens. Oliver Mayhugh was Master of Ceremonies, and presided at tamping the holes and lighting the fuse, which exploded the dynamite. Dynamiting is the quickest, cheapest and best way we have ever seen for clearing a field of stumps. The operator takes an auger about four feet long, bores a hole in the ground, starting at the edge of the stump and running back under it at an angle of about 45 degrees, and until he is about under the middle of the stump and then, if the stump is a large one, puts in two or half pound sticks of dynamite, and on the last, or top one, he attaches a fuse with a cap on it, and after he has tamped the dirt well around the fuse, he lights it and steps back to see the pieces fly. It never fails to lift the stump completely out of the ground, and sometimes breaks it to pieces, throwing the fragments high into the air.

W. W. Grigsby and W. M. Howden have each been using dynamite to good effect in blowing out by the root dead apple trees in their large apple orchards. An apple tree does not require as much dynamite as a big hard oak stump, but the process used is similar to the one above, with the exception that in this case only one-fourth pound stick is required for the shot.

Messrs. Grigsby and Howden have also been digging holes for replanting trees with this high explosive. For tree planting only a "pop-shot" is required. The operator bores a small hole straight down in the ground and drops a small piece of dynamite in it and sets it off in the same way. This makes a hole about three feet deep and one and one-half to two feet in diameter, shaped something like a jug, only round at the bottom. It also loosens the ground around the hole for five or six feet each way. Messrs. Grigsby and Howden have each put out something like 500 trees in this manner the past week.

Is Visiting Her Aunt.

Miss Mabel Lloyd of Wichita, Kan., arrived in Maryville Friday on a visit to her aunt, Mrs. James B. Robinson. Miss Lloyd came to Maryville from St. Joseph where she had been spending three weeks at the home of Rev. and Mrs. C. M. Chilton. Miss Lloyd has visited in Maryville before and has quite a number of friends here.

TO BRING HIM BACK

SHERIFF TO GO AFTER MAN WHO BROKE HIS PAROLE.

WILL HAVE TO GO TO PEN

Dix Was Given a Two Year Sentence in 1909 for Burglary and Larceny, But Was Paroled.

Sheriff W. R. Tilson received word Thursday, that John Dix, whom he has been after for some time, was under arrest at Pueblo, Colo. Sheriff Tilson will leave Friday evening for that place and will return with Dix, who having broken his parole, will have to serve two years in the state penitentiary.

Dix was convicted at the February term of circuit court in 1909, of burglary and larceny and was given a sentence of two years in the penitentiary. The case was tried by Prosecuting Attorney W. E. Wiles. Dix was convicted of breaking into the store of Charles Zarn at Burlington Junction. Ross Carson, who was with Dix on that night, was given 25 years in the penitentiary and is now serving his time there.

A parole was granted to Dix after many had petitioned the court requesting that the court should do so. The parole was granted upon the condition that he should go to work. He went to work for Tilson's livery barn and remained there about two months when he left for parts unknown. Sheriff Tilson has been on the lookout for him for some time.

Dix is 22 years old and is a brother of Elmer Dix, who was sentenced at the last term of court, two years in the penitentiary for burglary, and also of Ira Dix, who is now serving a jail sentence.

LAST GAME OF SEASON.

Normal to Play Conception College Team Saturday Afternoon.

The last game of the Normal baseball season will be played at Normal park Saturday afternoon at 3 o'clock. The locals' opponents will be the Conception college team who applied a coat of whitewash to Coach Moore's hopefuls, three weeks ago at Conception. But the teachers have not been worsted on the home grounds for two seasons and they don't intend that the Catholics shall be the first team to break the record. A large delegation of students, headed by the college band, will accompany the team here. Coach Moore will present the following line-up: McKee, catcher; Wilson, pitcher; Taylor, c. s.; Perrin, 1st base; Miller, 2nd base, McGrew, 3rd base; Adams, l. f.; Richardson, c. f.; Simpson, r. f.

OAKERSON HEADS IT

COUNTY SUPERINTENDENT FINDS NEW HONORS AT JEFF CITY.

ASSOCIATION IS FORMED

Assisted by a Committee of Four, Mr. Oakereson Will Try to Secure Needed Legislation for the Schools.

County Superintendent Wm. Oakereson returned to Maryville Friday morning from the county superintendents' meeting and the spelling contest held at Jefferson City this week. He was accompanied home by Dale A. Coleman, the county's champion speller, who represented Nodaway county in the State Spelling bee held in that city on Monday night. Coleman received a grade of 82 per cent, while the winner of the contest received a grade of 93 per cent. The contest was a success and will be made an annual affair by the county superintendents' association.

An organization of county superintendents was formed at Jefferson City for the purpose of working out educational problems to be approved by the teachers' meetings and meetings of county superintendents, and then put it up to the legislature for action. County Superintendent Oakereson was elected president of this organization and he will be assisted by a committee of four in working out these problems. The committee is composed of E. M. Carter of Monroe county, B. F. Borberg of Franklin county, B. M. Allison of Bates, and J. R. Roberts of Green county.

This is quite an honor for Prof. Oakereson to head an organization of this kind, and there are probably not many other men in the state as thoroughly acquainted with these educational problems as he is.

SELECTED OFFICERS

The Quitman Epworth League Held Elections This Week.

The Quitman Epworth League held its regular business meeting this week. The reports show good work has been done during the past week. After the transaction of such business as came before the League, the following officers were elected for the coming year:

Reed; secretary, Miss Vern Graham; treasurer, J. A. Reed; organist, Miss Ethel Gillinger; assistant organist, Miss Bessie Browning; librarians, Misses Pauline Bird and Grace Hoyt.

Also the following were elected delegates to the District Epworth League Convention to be held at Maryville May 31 to June 2: Mrs. Mary Brooks, Miss Fern Graham, Miss Gladys Bennet and Harry Bailey.

Business Men's Luncheon.

The ladies of the Christian Church will serve a Business Men's Luncheon Saturday at the church parlors from 11 to 1:30. While this is especially for the business men, everyone is invited to attend.

VANISHED IN A PULLMAN CAR

Relatives Have Had No Word of Henry W. Locke of Mound City.

The Kansas City Star had the following about a Mound City man:

If Henry W. Locke, 35 years old, thirty-second degree Mason, Shriner and Elk, had taken wings and flown away to another planet, he couldn't have vanished more effectively from the range of vision and knowledge of his relatives and friends.

Mr. Locke bade his mother good-by at Fort Worth, Tex., the afternoon of May 7 and boarded a Pullman car on a Chicago, Rock Island & Pacific train for Mound City, Mo., his home. The train and Mr. Locke's trunk reached Mound City, but Mr. Locke did not.

The missing man's brother, William H. Locke, came to Kansas City from Mound City Sunday and asked the police to help him find his brother.

"There was absolutely no reason for my brother to disappear voluntarily," he said. "I fear some harm has come to him."

The Locke brothers own the controlling interest in the theater at Mound City, Mo., and they are well-known in Kansas, and have produced the play, "The Kansas Sunflower," over all the state. They were to have left Mound City last Wednesday on a summer vacation through Minnesota and the lake territory.

AUTOISTS HERE JUNE 6.

Denver Motorists Will Go to St. Joseph From Maryville.

The Denver automobilists who will take part in the Denver Chamber of Commerce run to Chicago the latter part of this month, will be in Maryville on the afternoon of June 6. On their return trip the party will leave Council Bluffs in the morning of that day and will spend the night in St. Joseph. The visitors will leave St. Joseph for Denver.

SAYS IT IS COWHERD.

Mayor Robey After Attending Meeting in Kansas City, Thinks Cowherd Will Be the Man.

Mayor A. S. Robey returned Thursday night from Kansas City where he attended a political conference. From the reports that they are getting in Kansas City from over the state, Mayor Robey says Cowherd will win the Democratic nomination for governor.

To Attend Commencement.

Mr. and Mrs. James L. Dysart and two children and Miss Cleopatra Wood of Bolckow came to Maryville Friday to attend the conservatory commencement exercises at the First M. E. Church Friday night. Mr. and Mrs. Dysart's daughter, Miss Mabel Dysart, is one of the graduates.

Some Old Relics.

Jay Smith of Clearmont, has in his possession a relic in the form of an old fiddle which he prizes very highly. The fiddle was purchased by Mr. Smith's father in Boone county in 1839 from a man who had bought it in Nashville, Tenn., only a few months before.

Mr. Smith also has another old relic in the form of an invitation to a funeral which was printed in 1847, when it was the fashion to issue invitations to attend funerals. Mr. Smith is very proud of these relics and says he would not sell them at any price.

School Enumeration Growing.

The Burlington Junction public school has ten more pupils this term than it had last, according to the enumeration which has just been completed by J. D. Carter, the enumerator of that district. The figures last year showed that there were 113 girls and 125 boys, or a total of 238 children of school age in Burlington Junction. This year there are 114 girls and 134 boys, a total of 248.

Mrs. S. J. Richardson returned Thursday night from Holdenville, Okla., where she has visited a niece, Mrs. J. R. Witty since last November. Mrs. Richardson stopped at Bartlesville, Okla., on her way home to visit a friend and in St. Joseph on visit her niece, Mrs. John Koch.

Mr. and Mrs. John Ewing and children of Hopkins, were in Maryville Thursday evening between trains.

FOUND DEAD IN BED

MRS. HARRY THOMPSON DIED SUDDENLY FRIDAY MORNING.

DISCOVERED BY NEIGHBOR

Her Husband Had Bid Her Goodby as He Went to His Work Just a Few Hours Before.

Mrs. Harry Thompson, living at 405 South Market street, was found dead in her home Friday morning about 7 o'clock by Mrs. Anna Clowser, a neighbor, who went to her home to deliver milk as usual. As Mrs. Thompson had been sleeping late in the mornings, Mrs. Clowser opened the door and set the milk on the kitchen table and called "Are you asleep yet?" Receiving no reply, she opened the door a little farther where she could see the bed in which Mrs. Thompson slept. By the disorder of the bedclothes and thinking she saw Mrs. Thompson lying with her head near the floor, Mrs. Clowser became frightened and called Mrs. W. B. Price, another neighbor, who came at once. They went into the room and found Mrs. Thompson's dead body lying head down, on the floor and her feet on the bed. She had evidently been seized with a convulsion and had fallen from the bed, the bed clothes binding her arms to her sides so she could not help herself. Her face was black and swollen almost beyond recognition and it was a frightful shock to the women of the neighborhood who soon ran to the home.

Mrs. Thompson was in her usual health on Thursday and attending the band concert in the evening in company with her parents, Mr. and Mrs. E. P. Buck and her sister, Mrs. Edith Wray.

Mr. Thompson who is the baker at Andrews & Hempstead, left his home Friday morning at three o'clock for his place of business. Mrs. Thompson and baby were awake when he left and said "Good-by" to him and there was no occasion for any feeling of alarm or anxiety for their safety or welfare. He was summoned home about eight o'clock.

Dr. Vilas Martin was called and he gave it as his opinion that Mrs. Thompson had been dead about two hours. She had been subject to sudden sick spells for several years and it was in one of these attacks with complications that death came.

The funeral services will be held Saturday afternoon at 3 o'clock at the First M. E. Church, conducted by the pastor, Dr. J. S. Ford.

Mrs. Thompson's maiden name was Grace Buck. She was the daughter of Mr. and Mrs. Frank P. Buck of this city, and was born 27 years ago last September at "Maple Grove" the country home of her parents in the Harmony neighborhood north of the city. She was married to Harry Thompson on February 28, 1907, and they have since made their home in Maryville, excepting a short time they lived in Kansas City.

A few months before her marriage, Mrs. Thompson graduated from the Maryville Conservatory of Music and was above the average musician. She kept up her practice and her talent was the means of many a pleasant evening for her friends. She was the mother of two children, the oldest child dying in infancy, while the second child, Ruth, who will be two years old in June, survives with the father. She is also survived by her parents, four brothers and one sister. Her brothers are Roy Buck of Salt Lake City, Utah; Frank and Fred Buck, living west of the city; and Ernest Buck of Milwaukee, Wis. Her sister is Mrs. Edith Wray of this city.

Mrs. Thompson had been a member of the Harmony church since childhood. Her death is a grievous shock to her husband and family and they have the sympathy of all in their sorrow. She was held in high regard by all who knew her. Only a few days ago she talked with a neighbor about her little girl's future and how she was planning for her training and education, and for the coming of another little life that would be hers to care for with the coming of June.

A coroner's inquest was held Friday morning by Coroner J. H. Todd and the verdict of the jury was that "death was due to convulsion associated with nephritis." The coroner's jury was composed of Berney Harris, J. H. Eckles, N. Schumacher, N. Sturm, Arge Souers and Harry Todd.

Mrs. H. J. Kelley went to Pickering Thursday to visit until Saturday with her daughter, Mrs. Ernest Wray.

TRUST TO AVOID LITIGATION

SETTLEMENT ARRANGED WITH ALUMINUM CORPORATION.

Anti-Trust Suit Filed Will be Basis for Degree to Restrain Monopoly on Metal.

Pittsburg, Pa., May 17.—The federal government filed a civil anti-trust suit in the federal court against the Aluminum Company of America, which will be the basis for an agreed decree designed to restrain the aluminum trust from monopolizing the manufacture of aluminum and its products, including cooking utensils.

In the petition the company is declared to have acquired a substantial control of the aluminum industry in the United States and to have charged unreasonably high prices and profits on its products.

The history of the aluminum cooking utensil industry in the United States, says the petition, is a history of wrecks, "caused chiefly or contributed to by the arbitrary, discriminatory and unfair dealings of the defendant."

The agreed decree, which will be entered within a few days, will follow the government's prayer for restraints on the company. This agreement obviating a prolonged battle in the courts, was the result of several weeks of negotiations between the department of justice and the corporation.

The Aluminum Company of America, incorporated in Pennsylvania, originally as the Pittsburg Reduction company, has grown, it is pointed out, from a \$20,000 capitalization in 1888 until its assets now are estimated at \$27,000,000. A stock dividend of 500 per cent, or \$16,000,000, was declared in 1909.

TO PENSION RETIRED PASTORS

Presbyterians Consider Creation of Ten Million Dollar Fund for This Purpose.

Louisville, May 17.—The establishment of a \$10,000,000 fund for the pensioning of retired ministers and the selection of a new moderator are two of the most important matters that will receive early attention at the twenty-fourth annual conference of the Presbyterian church, which just began here. The work of the conference will consume at least one month.

Unusual interest attaches to this conference for the reason that never before has the general assembly been held south of the Ohio river.

Exclusive Patterns In Wilton Rugs

The most noticeable feature of Wilton Rugs are the beautiful designs. They are correct reproductions of the very best Oriental and Persian patterns in soft colorings and tones.

The best feature of Wilton Rugs, however, is their superior wearing qualities. Made of the best yarns obtainable, they wear longer and look better than other rugs. They are actually cheaper to buy than the lower priced grades because they wear so much longer.

Wilton Rugs size 8-3 by 10-6 feet sell for \$35; the 9 by 12 size for \$40.

Today we offer two special values:—

Wilton Rug in fine Oriental pattern, with green as the predominating color, solid green border, size 9 by 12; regular \$40 grade for \$29.

Wilton Rug in Persian pattern, small figured border, large medallion in center, predominating colors are old rose and green, size 9 by 12; regular \$40 grade for \$29.

Body Brussels Rugs

Body Brussels Rugs are considered the best wearing rugs made, and they are the easiest to keep clean. We guarantee them to give good service. Made in high class designs in soft and pleasing colors.

We have never before been able to sell them for less than \$30, but a fortunate purchase enables us to offer the genuine Body Brussels Rugs, in the 9 by 12 size for \$27.50. Six beautiful designs to select from.

Artistic Wall Paper For Bedrooms

For papering bedrooms "a little different" we suggest the use of the plain side wall trimmed with pretty, harmonizing bands and cut-out borders. This method of decorating bedrooms is constantly increasing in demand, and opens up a wide range of different styles. Large or small panels trimmed with dainty ornaments with the band running along the base-board and around the doors and windows is the most popular manner of finishing the plain side walls.

We are showing a new line of these wall papers direct from the mills of M. H. Birge & Sons Co. Prices are very low.

MONEY TRUST A BLESSING?

Coffee Man Tries to Show Patriotic
Motive for Brazilian Loan.

DONE TO AVOID A REVOLUTION

New York Banks Helped Limit Coffee
Output and Maintain Prices for
Benefit of American and
European Dealers.

Washington, May 17.—The first illustration of the activities of the money trust given to the house investigating committee was testimony that three New York banking institutions—the National City bank, J. Pierpont Morgan & Co., and the First National bank—lent financial assistance to the government of Brazil to limit the output of coffee and maintain prices of coffee at a profitable figure for the benefit of Brazilian planters and American and European coffee dealers.

Made Loan Reluctantly.

That testimony came from Herman Sietcken, of the New York firm of Grossman & Sietcken, large dealers in green coffee. Sietcken attributed a patriotic motive for the investment. He regarded the loan by the banks as of great benefit to the United States and said the bank made the loan reluctantly to exploit American trade with South America.

The witness said that unless something had been done to help the planters of Brazil there might have been a revolution.

Least of Two Evils.

"Which would have been the worst, revolution in San Paulo or for the consumers of this country to pay much more for all of their coffee?" Samuel Untermyer, counsel for the committee, asked.

"You would have had to pay that anyhow," said Mr. Sietcken. He argued that coffee would be still higher if the valorization scheme had not been put into operation.

Sietcken testified that there were 4,000,000 bags of coffee now being held out of the market by the valorization committee of seven, of which he is a member. Of that amount 900,000 bags were in warehouses of the New York Dock company, he said.

"Would not the price of coffee go down if this were put on the market?" asked Representative Byrnes.

"No, it would have no effect on the market," Sietcken said.

WOMAN PULLED WRONG TRIGGER

Wichita Wife's Unfamiliarity With
Weapon Saves Life of Attractive
Cigar Clerk.

Wichita, May 17.—Mrs. Alona Barnett's unfamiliarity with the workings of an automatic pistol probably saved the life of Mrs. Grace Strahan, a cigar store clerk, here. Mrs. Strahan had just driven up in a motor car with Dr. George C. Barnett, a widely known physician here.

Just as the car stopped Mrs. Barnett, with the pistol in her hand pointed it at Mrs. Strahan. Instead of pulling the trigger she pulled the ejector and all of the cartridges were thrown out.

When the revolver failed to work Mrs. Barnett pounded Mrs. Strahan in the face and head with it. She is 25 years old. Doctor Barnett is 65 years old.

MISSOURI EDITOR IS MISSING

I. H. Humphrey, of Kirksville Democrat, Believed to be Suffering
From Effects of Overwork.

Kirksville, Mo., May 17.—I. H. Humphrey, editor and manager of the Kirksville Democrat has been missing since Monday midnight. His wife and business associates have been unable to get trace of him beyond Moberly. It was announced that his books balance and the publishing company owes the missing editor.

His family believes he has suffered a mental breakdown because of overwork and has wandered off, possibly to Colorado or Mexico.

Unite for Good Roads.

Parkville, Mo., May 17.—Fifty residents of Platte City in motor cars went over the proposed route of the Kansas City-St. Joseph state highway to discuss the project with the Parkville Commercial club. At an enthusiastic meeting speakers urged that the two cities combine and see that the route pass through Parkville and Platte City.

Flew Over Topeka Houses.

Topeka, May 17.—A. K. Longren, a Topeka aviator made a 15-mile flight over the city in a biplane which he constructed here. He rose to a height of 2,500 feet and much of his flight was over thickly settled portions of the city and over the main business district.

Presbyterians in Convention.

Warrensburg, Mo., May 17.—The eighty-second general assembly of the Cumberland Presbyterian church convened in the First Cumberland Presbyterian church here. The Rev. J. W. Duval of Salisbury, Mo., the retiring moderator, preached the opening sermon.

Quality and Durability Are Combined in the Stearns & Foster Mattresses

If you will come and see the Mattress display in our show window tomorrow and all next week, you will understand why these Mattresses are so comfortable, so durable, so thoroughly good in every way that there is really no comparison between them and other makes. The display shows how the Mattresses are made, how one layer of material—the best always—is placed above another, how the nine layers are compressed together and how finally the whole mattress is completed. It is an interesting exhibit and an instructive one, and if you are wise a profitable one.

We have the exclusive sale of these mattresses and the line represents the following: Lenox, Paragon, Mission, Windsor and Anchor.

Don't forget the exhibit will be in our window Saturday and all next week. We want to sell 100 mattresses during this demonstration and in order to do so will make a special price on every mattress. It will be to your advantage to come early.

DE LAVAL CREAM SEPARATORS

The World's Standard

Used Exclusively by
98% of World's Creameries

Ten years ago there were a dozen different makes of creamery or factory separators in use. To-day over 98 per cent of the world's creameries use De Laval separators exclusively.

When it comes to buying a separator why not profit by the experience of the creameryman, which qualifies him to advise you correctly.

He knows which separator will give you the best service and be the most economical for you to buy. That's why 98 per cent of the world's creameries use the De Laval exclusively.

There can be no better recommendation for the De Laval than the fact that the men who make the separation of milk a business use the De Laval to the practical exclusion of all other makes. They know the easiest to turn, easiest to wash, skims the cleanest lasts the longest.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded
and Gray Hair—Dandruff
Quickly Removed.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy
Quickly Relieves Catarrhal Deafness.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Now, days, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

SUBMARINE AND CREW IN PERIL

Tuna is Grounded off Life Saving Station Near Atlantic City.

IMPRISONED MEN FACE DEATH

Should Vessel Spring a Leak and Salt Water Reach Batteries, Gas Fumes Will Overcome All on Board.

Atlantic City, N. J., May 17.—With five men in the submerged vessel facing death from deadly fumes should the beating sea slip a plate and allow salt water to reach the batteries, the submarine Tuna, which grounded four miles off the Great Egg harbor life saving station is slowly drifting closer in toward the shore.

Capt. Dannebauer, Chief Electrician Parks, Engineers Ecklin and Wilson, and Hand, a sailor, are still aboard the submerged craft. Heavy seas are pounding almost directly at the stern and are driving the vessel from the position where it struck.

According to 14 members of the crew brought ashore, the Tuna stranded at 7 o'clock in the morning, but no alarm was felt as the captain and pilot believed they could float the vessel at high tide. Then the storm came up and drove the submarine hard on a sandbar.

Revenue Cutter to the Rescue. The Tuna was on her way from Newport News to Bridgeport, where the vessel was to have been turned over to the government. A revenue cutter is expected to reach the stranded vessel before morning.

One of the false keels of the Tuna has been carried away and one of the six cylinder engines is jammed. The vessel is drifting broadside toward shore and is now in 13 feet of water.

Should any of the Tuna's plates give way, permitting the salt water to come into contact with the batteries, the men aboard would be menaced by deadly gas.

The compression engines can develop 1,500 pounds of air, and by closing the compartments, the men could live for several hours until relief arrives, providing the vessel does not run into deep water.

TOY WAGONS HELD AMMUNITION

Mexican Lads at El Paso Were Smuggling Rifle Cartridges Across Line to Juarez.

El Paso, Tex., May 17.—Children and their toy wagons are now utilized to smuggle ammunition across the international boundary into rebel territory. Two Mexican lads pulling two miniature express wagons were halted here and their wagons searched. Each boy was hauling 5,000 rounds of regulation rifle cartridges for the service of Orozco.

Secret service operatives discovered the children's smuggling scheme and seized a man who had been walking near the El Paso end of the international bridge. He gave the name of Jesus Hernandez and is believed to be a rebel purchasing agent.

CONVICTS BEGIN ON ROAD WORK

Experiment in Cole County May Solve Prison Labor Problem in Missouri.

Jefferson City, May 17.—Seventeen convicts have begun work upon the public roads of Cole county. Gov. Hadley and Warden Andrae watched the laborers for a short time. This is the first experiment with convict work in road construction in Missouri. If the venture proves a success, Gov. Hadley says, it will not only solve the convict labor problem, but the problem of road construction as well. Nearly all the men were negroes, there being but four white men in the group. The men get sentences shortened by one-third for good behavior.

Big Fee in Indian Case.

Chickasha, Ok., May 17.—J. F. McMurray, the attorney who fought the Indian land tax case to a successful conclusion in the United States supreme court, will receive \$150,000 for his services. McMurray took the case on a fee basis of \$10 from each allottee of the Chickasaw and Choctaw tribes.

To Receive King's Body.

Copenhagen, May 17.—Preparations have been completed for an impressive reception of the body of the late King Frederick VIII, of Denmark, which will arrive here at noon aboard the royal yacht Dannebrog.

Locked Three in a Vault.

Grass Valley, Cal., May 17.—A bandit armed with two revolvers entered the Nevada county bank at noon, drove the cashier and two depositors into the vault and escaped with about \$3,000 in cash.

New Depot for Marceline.

Marceline, Mo., May 17.—Santa Fe railroad authorities have ordered the immediate construction of a \$30,000 office building and station here, a new freight station and other improvements.

GOVERNMENT TO FIGHT I. W. W.

Effort Will be Made to Prosecute Leaders for Sedition.

SAN DIEGO PAPER TO SUSPEND

Forms "Pied" by Citizens and Editor Sauer Announces He is Ready to Quit—Attorney Warned to Leave.

Los Angeles, May 17.—The United States government will make an effort to have all the Industrial Workers of the World leaders who have been active on the coast prosecuted for sedition. This was the substance of a statement which Assistant United States District Attorney Dudley Robinson made in connection with the investigation of the Industrial Workers by the federal grand jury in this city. Robinson will have charge of the inquiry which, he said, would begin immediately.

Editor Will Quit.

San Diego, Cal., May 17.—Warned by members of the citizens' committee of San Diego never again to publish his weekly paper, A. R. Sauer, who was kidnaped some time ago and taken to Escondido as a result of a published article, said he could not publish the paper this week because the forms had been "pied." The office of the paper was invaded during the night by ten men, according to Sauer, and the newly made up forms pushed on to the floor. Nothing else was touched. Sauer said he was through.

Many persons who have sided with the Industrial Workers have been warned to leave town or take the consequence. One of those warned is Marcus W. Robinson, attorney for the Industrial Workers. He declares he will not leave.

Reitman is Ill.

Los Angeles, Cal., May 17.—Dr. Ben Reitman, manager for Emma Goldman was so ill he could not talk of his experiences with the kidnapers of San Diego, who tarred him and then rubbed the viscous mass into his body with sage brush.

Reitman, through Miss Goldman, denied any intention of starting legal proceedings against the men who are said to have attacked him.

"What's the use?" exclaimed Miss Goldman. "Justice would not be meted out to his assailants."

MRS. REUTER HELD FOR MURDER

Wife of Oklahoman, With Three Others, Charged With Death of Her Husband at Tulsa.

Tulsa, Ok., May 17.—Mrs. Lama Reuter was arrested on a warrant charging her with the murder of her husband, Charles T. Reuter, a widely known lawyer, at their home—the night of May 5.

Guy D. Mackenzie, "Bud" Bellew and Joseph Baker are jointly charged with Mrs. Reuter with this murder. The four prisoners waived arraignment and asked an immediate examination.

The state will try to prove a conspiracy to murder Reuter by the four prisoners. The defense claims Reuter was killed by a burglar.

Charles T. Reuter was murdered in his bedroom at his home in Tulsa May 5 under mysterious circumstances.

WHO KILLED THIS WOODPECKER?

Missouri Game Warden Spends Two Days Unsuccessfully Hunting Culprit at Cole Camp.

Jefferson City, May 17.—A deputy game warden returned from Cole Camp, Mo., where he sought two days for the person who killed a woodpecker in violation of the state law. The woodpecker made a hole in a railroad tank which let all the water out of the tank.

Railroad employees plugged up the hole and refilled the tank and then the woodpecker began to make another hole in the tank. Some one killed the bird. When the deputy arrived at Cole Camp nobody would tell him who killed the woodpecker.

Still Larger Ships Building.

London, May 17.—The sinking of the Titanic will not stop the building of mammoth ships. The White Star company, which ordered the Titanic, is building two new liners and one of them, will be 20 feet longer than the Titanic, and will be fitted and finished throughout on the same imposing scale as the Olympic and Titanic.

A Half Bushel His Scaffold.

Lindsborg, Kan., May 17.—Albert Lindvall, 40 years old and unmarried, hanged himself at noon in the cellar at his home here. Lindvall stood on a half bushel measure and after adjusting a halter about his neck he tied the other end to the rafters and kicked the measure from under him.

Plowman Uncovers Treasure.

Aurora, Ill., May 17.—Gus Aspline, a farmer, plowing in a field near Richardson station unearthed a large wallet, rotten with age, containing \$1,700 in hundred dollar bills and gold coins. No one knows the owner of the money which from indications was lost and not hidden.

MUST BELIEVE IT.

When Well-Known Maryville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Maryville, the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Marietta Kelley, 1308 E. Second street, Maryville, Mo., says: "I was afflicted with kidney trouble and suffered from pain in the small of my back. The kidney secretions were unnatural and caused me no end of annoyance. There was a dull ache across my hips that made it almost impossible for me to be on my feet. After I took a few doses of Doan's Kidney Pills I was greatly relieved and the contents of three boxes cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
